

simula

SSCP2019

Summer School in
Computational Physiology

UC San Diego

UiO : Universitetet i Oslo

Course Details

- You can find your lectures/ Jupyter notebooks at:
 - **simula.minrk.net**
 - Log in using GitHub account
- Quizzes after some lectures (anonymous, to test overall understanding)
 - PollEv.com/kimberlymcca157
 - OR download «Poll Everywhere» App, username:
kimberlymcca157

Course Details

- Main lectures will all be in Storstua – through morning of Tuesday June 26
- Today – Opening dinner at Sjøflyhavna Kro (walk together at 17:00)
- Thursday – lunch in Pusterommet (the coffee room) with your project supervisors
- Streamed curriculum based on your projects:
 - 1: Cardiac Mechanics
 - 2: Cardiac Electrophysiology
 - 3: Neuro Electrophysiology
 - 4: Machine Learning in Biological Systems
- Closing dinner 6/27 at ASIA in Aker Brygge

Access and meal cards

- Access to Simula (main building, Simula entrances) until the end of 28th June
- Cards are also meal cards for the canteens
 - Discount on the cost of meals in the canteen
 - Preloaded with 500 NOK per card (average cost per meal is 35 NOK) – should be enough for 10-12 meals
 - If you run out, you can top up your card
- Return at the end of the course

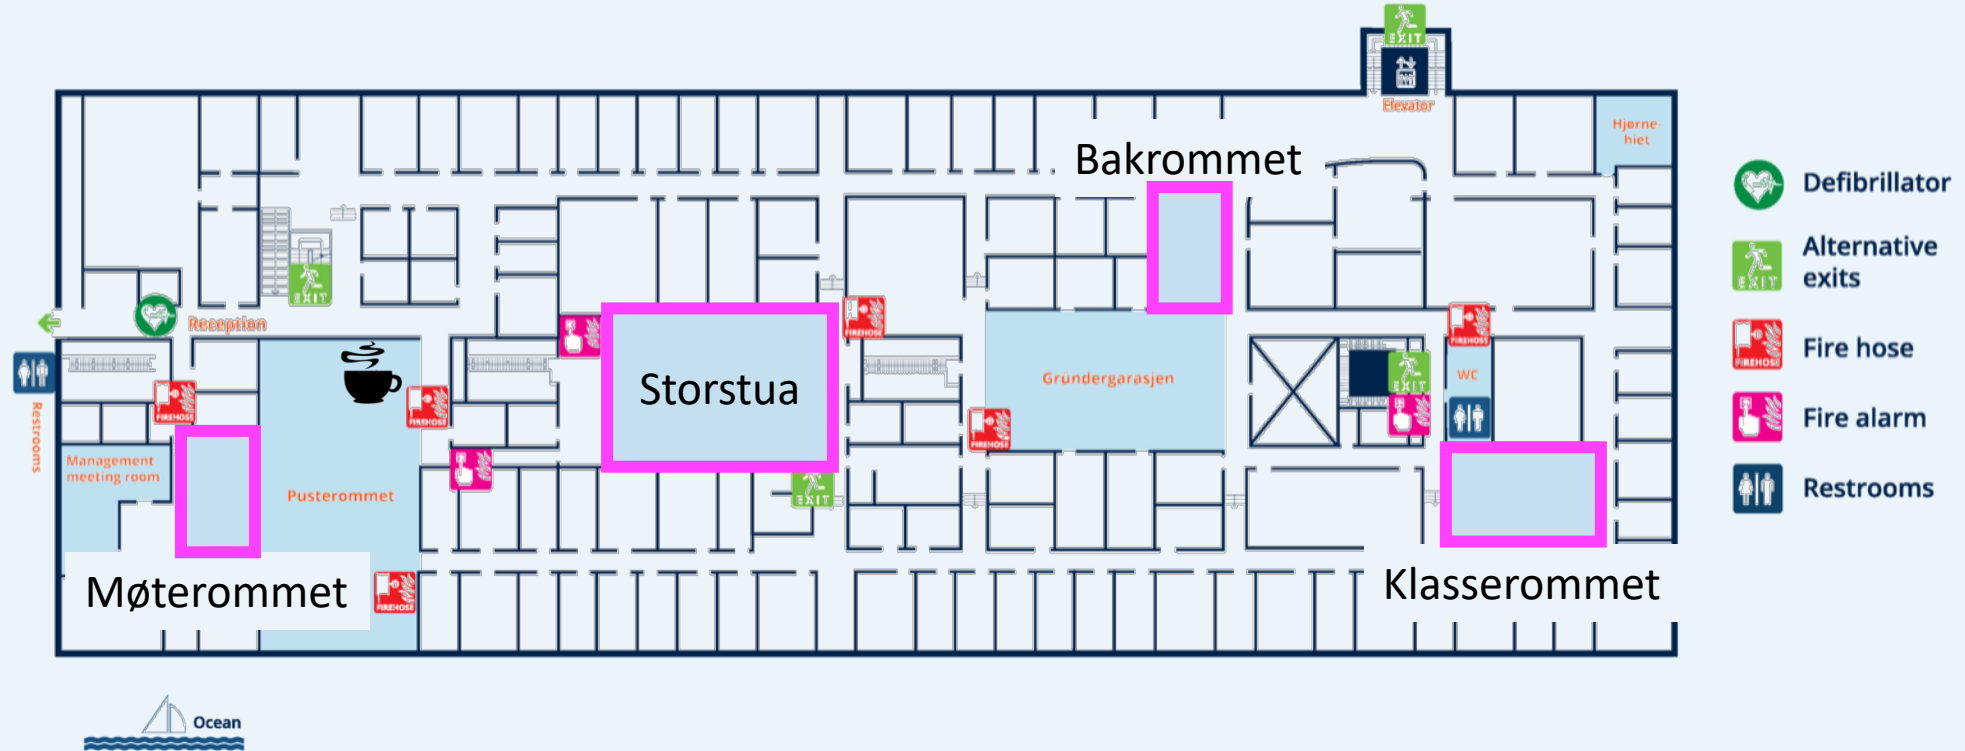

Expectations

- Attend all lectures and tutorials
- Complete the required readings before the lectures
- Equal participation in the project work
- Project work throughout the summer (between the Oslo and San Diego portions of the school)
- Complete instructor evaluations in a timely manner:
 - <https://podio.com/webforms/22967548/1632074>

Emergency stuff

- CIM system - automated messages
- emergency exits
- Contact next of kin to let them know you are ok
- Contact Kim in case of an emergency or illness – we can help, and need to know

Important information in case of an emergency

Crisis information from the authorities: www.kriseinfo.no

Security at Technopolis (24h): 67 82 70 00

Important information in case of an emergency

Below you will find the central emergency contact numbers to the fire brigade, police and ambulance, as well as the link to the official Norwegian website providing information to the general public before, during and after a crisis. In addition, you will find information on how any emergency event affecting Simula's premises, employees, students or guests should be notified internally.

Fire: 110
Police: 112
Ambulance: 113
